REGULATION

Crossbarfx Ltd is authorised by the Financial Conduct Authority (“FCA”) as a Payment Institution under the Payment Services Regulations 2017. Our Registration number is 535761. You can check this on the FCA register <https://register.fca.org.uk/>

FUNDS RECEIVED FROM CLIENTS OR FROM 3RD PARTIES FOR CLIENTS

The Payment Services Regulations 2017 stipulate that authorised payment institutions, such as Crossbarfx, keep ‘relevant funds’ segregated from their own funds where the relevant funds are held by the authorised payment institution at the end of the business day following the day on which they were received.

Crossbarfx places such relevant funds in a separate segregated account with its Bankers. The effect of these relevant funds being segregated is that:

- (a) if we were to become insolvent, the ‘relevant funds’ in the segregated account will be ringfenced and will not form part of the pot of money in the insolvency, used to pay off our creditors. Instead, the ‘relevant funds’ in the segregated account will be returned to the appropriate clients;
- (b) the Bank which we hold our segregated accounts with has no right of set-off against us over the ‘relevant funds’.

‘Relevant funds’ are defined in the Payment Services Regulations 2017 as sums received from or on behalf of a client for the execution of a payment transaction. Accordingly:

- (a) this includes:
 - a. the money you purchase when entering into an FX Contract when we receive same from our bank; and
 - b. money you send to us for the purpose of us sending it onto a beneficiary, without an FX Contract being entered into;
- (b) this does not include money you send to us for the purpose of entering into an FX Contract.

Crossbarfx never speculates on the currency markets. When you enter into a transaction with us, we enter into a matching irrevocable covering deal with our bank or liquidity provider. It is this transaction that turns your sold currency into your bought currency and from which your outward payment is made.
